## THE WOODMAN INN FAMILY RESTAURANT & PUB

Re-visiting our historic roots by incorporating a taste of America to the English countryside.

We love to use our in-house smoker, using a selection of wood chips to give a punchy BBQ flavour

Ingredients are locally sourced & seasonal.

"In many ways, the inn at Nuthampstead is emblematic of the close & endearing relationships forged between the U.S. Airmen of WWII & the British citizens who lived & worked on & around the base in those heady days of active aerial combat over the skies of Western Europe,".

- John McQueney, 55th Wing historian.
